SUMMARY OF THE REASONS FOR DECISION:

The publication entitled *raw scans 197-245 990517* is classified as:
Unrestricted.

The publication is a CD-ROM (non-film) which contains 48 image files that predominately depict naked or semi-naked young girls. The dominant feature of the publication is the depiction of young girls who are naked or semi-naked in a romantic and aesthetic manner. The publication is not seen to overtly emphasise the sexuality of these subjects while presenting them in a sensual manner.

The matter of sex in the depiction of nudity raised in this publication is not considered injurious to the public good as outlined in the Films, Videos, and Publications Classification Act 1993 and consequently no restriction is placed on the publication. The freedom of expression contained in the New Zealand Bill of Rights Act 1990 is not limited by this classification.
